

# Queensgate Primary School

## Home Learning

Below you will find the areas to focus on with your child this week. The children will have already been taught the sounds, tricky words and numbers below so this is an opportunity for them to consolidate and apply their learning. Please also remember to read regularly with your child at home and access the suggested websites for more activities for you to do at home.

### Sounds of the week

Mrs Aitken's  
Group

Miss Sutherland's  
Group

Miss White /  
Mrs Heath's Group

oo (look)

sh (ship)

a (ant)

ar (park)

th (bath)

t (tap)

Can your child think of any words that have these sounds in? Can they write a list of the words containing these sounds or write some sentences with these sounds in?

### Tricky words

we

me

Can your child read and write these tricky words? Can they tell you what is tricky about the word? Can they say a sentence containing one or more of these tricky words? Perhaps they could write a sentence with these tricky words in? Can they spot the tricky words in books, stories online or in print in the environment?

## Number of the week

13 thirteen

Can your child identify this number? Can they count out the correct number of objects? Can they count on and back from this number? Can they tell you one more / one less? Can they find this number in the environment? How many different ways can they add together 2, 3 or 4 numbers to total this amount? Eg:  $10+3=13$ ,  $5+5+3=13$ ,  $5+4+3+1=13$ . Can they make this amount using coins?

## ILD task

This week our area of learning is....

## Physical Development

We would love to know if your child understands why physical exercise and a healthy diet are important for good health.

- Can they identify and sort healthy and unhealthy food?
- Can they explain why it is important to exercise?
- How do they like to keep fit?
- Do they know why it is important to wash their hands and keep themselves clean?
- Do they know who helps them to keep healthy?
- Can they talk about ways to keep safe?

Please take a picture / video of your child completing the task above and upload it onto the ILD. It would be great if you could please write a comment explaining what they were able to do and / or comments that they said during the activity. If the children want to write / draw about what you have been discussing we would love to see it on the ILD.

## Tales Toolkit

Character

Setting

Problem

Solution

Every week we have a Tales Toolkit session at school when the children help to create their own story following the structure above. We would love to see if the children can write their Tales Toolkit story each week.

There are 3 different writing frames saved on this week's blog for you to print off and use at home depending on how much your child would like to write. Don't worry if you don't have a printer, the children often create their own writing frames by drawing the symbols on a blank piece of paper. Please upload a photo of your child's story onto the ILD.

## Hello from Chester and Ben!

Chester and Ben have really enjoyed logging onto the ILD with me this week to see photos of what you have been up to at home! Keep up the good work everyone!

# Useful Websites

Just click on the images below to take you to the following websites...

Fun Maths activities to try at home accompanied by explanatory videos.

A range of online activities and games to try at home. Children's log in details can be found in the back of their reading records.

A range of reading and writing activities to try at home. Children's log in details can be found in the back of their reading records.

A fantastic range of resources to support all areas of learning and they are currently free. PowerPoints can be downloaded and many resources can be printed for use at home.

Free eBooks for your child to read at home.

Fun, interactive, online phonics games to help your child review the sounds and tricky words that they have learnt. This is also currently free.

A variety of online activities and games for all age groups.

A collection of fun activities / ideas to do at home to give you some inspiration if needed!
